Soil Application

ORGANIC MANURE

VERMICOMPOST

GROW-VITA

HUMIC + AMINO + FULVIC + SEAWEED

GROW - VITA is a combination of Humic acid, Amino acid, Fulvic acid and Citric acid. It elements the growth of the organic matter in the soil, it helps to remove deficiency nutrients and works as a promoter. It offers good seed germination and synthesis of chlorophyll. It creates healthier plants and increased production capacity.

PACKING: 100 ml, 250 ml, 500 ml, 1Ltr.

DOSE: 35-40 ml. Per 15 Ltr. Water Spray Volume.

JADU BOOSTER

PLANT GROWTH REGULATOR

JADDU-BOOSTER is a combination of various types of acids. It is a one kind of Bio-stimulant and helps to increase agricultural production. By using the right dose, it increases height of plant and growth leaves. It can be used for all agricultural crops and also specially for Tea.

PACKING: 50 ml, 100 ml, 250 ml, 500 ml, 1 Ltr.

DOSE: 5-10 ml. Per 15 Ltr. Water Spray Volume.

BLOSSOM

NITROBENZENE 35%

Blossom is a product based on nitrobenzene. It is a plant enhancer and flower stimulant. The main advantage of nitrobenzene are like helps the plant to increase C.N ratio significantly. It increases plant size and helps to improve flowering. It enhances the plant canopy. It is also compatible with pesticides and fungicides.

PACKING: 100 ml, 250 ml, 500 ml, 1Ltr.

DOSE: 30 ml. per 15 Ltr Water.

PROTECTOR

BIO NEEM OIL

Protector it is based on an advanced biotechnology research which is made by scientific process of neem kernel extract. It allowed to control of White- fly, Thrips, Stem Borer, Spider Mites etc. It is useful for all type of Agricultural crops.

PACKING : 100 ml, 250 ml, 500 ml, 1Ltr.

DOSE: 20- 25 ml Per Ltr. of Water.

LARVA-D

BIO LARVICIDE

LARVA - D is a Advance bio technology research which is made by special scientific methods. It contains highly specialised Bio derivatives. LARVA - D is used to kill hazardous larval insect-pest particularly Spodoptera, Heliothis, Spotted ball worm, Pink ball worm, brinjal leaf Miner Larva, sugarcane boll worm & Other Larvae

PACKING : 30 ml, 50 ml, 100 ml, 250 ml, 500 ml, 1Ltr.

DOSE: 1-2 ml. Per Ltr. of Water.

FLY-MASTER

BIO SUCKING PEST

FLY- MASTER is based on a special scientific process. It allows the control of the white fly, and specially green jeside.

PACKING : 30 ml, 50 ml, 100 ml, 250 ml, 500 ml, 1Ltr.

DOSE: 1-2 ml. Per Ltr. of Water.

FINDER

BIO MITICIDE

FINDER is based on an advanced bio technology. It provides excellent protection against thrips and mites. It is useful for all agricultural crops.

PACKING : 30 ml, 50 ml, 100 ml, 250 ml, 500 ml, 1Ltr.

DOSE: 1-2 ml. Per Ltr. of Water.

FUNGAL-FIGHT

BIO FUNGICIDES

FUNGAL - FIGHT is made of a special kind of scientific method which controls of every kind of fungus. It is based on the highly specialised derivatives containing Bio-research.

PACKING : 30 ml, 50 ml, 100 ml, 250 ml, 500 ml, 1Ltr.

DOSE: 1-2 ml. Per Ltr. of Water.

HOLD-ON

SILICON BASED SPREADING AGENT

HOLD - ON is an organic Silicon with a silicon contenting agent and the super ability of spreading. Making it down to 20.5 mn/m at 0.1% concentration in water surface tension.

It can enlarge the coverage of the spray and foliage. It reduces the water stress of land.

PACKING : 100 ml, 250 ml, 500 ml, 1Ltr.

DOSE: 1-2 ml. Per Ltr. of Water.

BLACK - INSTA

SUPER POTASSIUM F- HUMATE SHINNY FLAKES

BLACK - INSTA is a combination of a super potassium humate. It is a soil Conditioner & enhancer. It helps the soil to improve plant growth and increase efficiency. It can be used for each type of crop.

PACKING : 250 gm, 500 gm

DOSE: 15-25 gm. Per 15 Ltr. Water Spray Volume.

SILVER - GOLD

HUMIC + FULVIC ACID & SEAWEED COMPOUND

Silver - Gold is highly improve organic product for agricultural use. It contains compound as humic acid, fulvic acid and seaweed extract which are that increase the the fertility of the soil and also increase the water in infiltration and water holding capacity of the soil.

PACKING : 10gm, 15gm (as client's requirement)

DOSE: For Foiler spray use Silver-Gold 1gm/1ltr. of water.

BLACK - PEARLS

HUMI AMINO SHINNY BALLS

BLACK - PEARLS is a Bio stimulated super plant growth enhancer. It is water soluble granules which is made up by humic acid, Amino acid Fovlic acid etc. It is improve water retention, increased micro-organisms in soil. It is used full for all agricultural crops.

PACKING : 1 Kg, 2 Kg Transparent Bucket.

DOSE: 2 - 4 Kg per Acer.

NUTRI ENZYME - GOLD

HUMIC + AMINO + SEAWEED + BENTONIT GRANULES

NUTRI ENZYME - GOLD is based on bentonite granules. It is a combination of humic, amino, seaweed, fulvic and other type of acids. It helps to improve root of plant and increasing efficiency of land. It is one type of Plant Growth Promoter/ Enhancer.

PACKING : 5 kg. 10 kg. 20 kg.

DOSE: 5 kg. Per 1 acre.

BRIDDHI(ORGANIC MANURE)

Briddhi (Organic Manure) is highly improved organic product for agricultural use. It helps in the efficiency of Chemical fertilizers & Bio fertilizer in the soil it also helps soil fertility water retention and enhance micro-organisms production of the soil.

PACKING : 25Kg, 50Kg Bag's.

DOSE: 30-50 Kg per Acer.

BRIDDHI (VERMICOMPOST)

Briddhi (Vermi -Compost) is a simple biotechnological process of composting in which certain places of earth worms. It used to enhance the process of waste conversion and produce a better product. It is rich source of Nutrients, Vitamins, Enzymes & Anti-Biotics and growth hormones so it gives disease resistance of plant. Also it has microbial that helps in N - fixation and P - Solutions so it gives to plant.

PACKING : 25Kg, 50Kg Bag's.

DOSE: 250/500 gm for all type of plant's pot.

30-50 Kg per Acer.
